## Material Handling Fan Assembly

**E**ach Material Handling Fan Assembly supplied by JWH Associates, Inc. is complete with:

- Inlet and Outlet Transitions
- Inlet and Outlet Vibration Isolators
- OSHA approved Guards
- Rubber Mounts.

### Features:

#### Drive:

Variable Sheave V-belt Drive driven by a 1800 RPM TEFC Hi-efficiency Motor. 1.3 S.F.

#### Fan Construction:

Sheet and Plate Steel are AISI 1017. Wheel Hubs are Fabricated Steel. Shafting is ASTM A-108, Grade 1045 Turned, Ground, Polished, and Straightened.

#### Wheel Design:

The "RD" Wheel includes backplate wheel and support gussets. The rugged heavy duty wheel is used in a broad range of high density bulk material handling. Applications include wood chips, all grades of board / paper trim and metal scrap or trim.
